Hi Chris,

I gave instructions to the bank yesterday (25 Feb) to transfer US\$99,000 to your account mentioned below. So you should receive it hopefully in the next 1 to 2 days.

Justin is over all his recent minor ailments such as coughing, runny nose etc. but we're now right in the middle of the peak flu season here so fingers crossed he stays healthy. Glad to hear Max is getting better as well.

Regards, Dave.

Hi Chris,

You see, they want to delay. Did they not cash a similar cheque last year?  
What about you ask them why they accepted it last year?  
And how long did they keep the checq and could you claim compensation?

Anyhow, I understand, we always lose fighting these croocked institutes!

Now, the only thing we can do is wait for the cheque. In the meantime  
give David precise instructions about your or Rob's account.

Love,

Pa.

Hi Pa,

I received the check yesterday. They say the will not cash a foreign check which is ridiculous. I will  
mail back to Dave and we can arrange a bank transfer to my account.

Thanks again,

Chris

Dear Chris,

I am not surprised that the co. is in no hurry to send the check back. After all, they cannot be too  
happy that you are paying back so much money in one go, as their cash does not earn any interest

Hi my lovely Chris,

I heard from David that again there are problems with our recent remittance to you. This time it seems the problem is definitely on the American side. As my account was debited on Jan. 9th, it seems the Bank is still sitting on the monies.

Moreover I now have to hold the remainder US\$21,000 until we find out what the problem is.

As a matter of fact why did we not transfer the monies direct to your or Robert's *NC* as we did in the past? That took about 2 days only and you could immediately transfer it to the mortgage co's a.c.

So David and I are now waiting for news from you.

Love, Pa.

To answer your questions -

- 1) Any amount you want to send is fine. We would be happy with any amount.
- 2) The max we can receive is \$99,000
- 3) Once the money is in our bank account it will take about 4-5 business days to pay the mortgage company.
- 4) We currently owe about USD\$522,000 at a 4.95% interest rate.
- 5) Once we get the loan below USD\$417,000 we can refinance at a better rate. Anything above USD\$417,000 is considered a "Jumbo Loan" in the US, so they charge a higher interest rate.
- 6) If you transfer USD\$91,000, we will owe USD\$431,000. Robert and I were thinking of selling some stock or taking out a small loan to pay down the mortgage below USD\$417,000 so we can qualify for the better rate.
- 7) Mortgage rates are low currently so we should be able to refinance at anytime.
- 8) I can send you the new payment amounts after we apply the additional principal to the loan.
- 9) I have sent the wire instructions to Dave today.

How is everything in Shenzhen?

SBUX announced layoffs last week and released 340 people at the corporate headquarters, about 10% of the people in my building. Fortunately the people in my department were not affected, but we did slash our travel budget by 75%, eliminated all professional fees paid to outside consultants, and closed 5 open positions that we were trying to fill. Basically we do more work with fewer people, and have less professional advice from outside tax consultants. But I am happy to have a job.

Max and Elsa are doing well. We have switched Masses and are now attending the 5:30pm Mass on Sunday night as it is designed for teens and children. Max seems to enjoy the other babies and the singing. Elsa likes it because she sees her friends, so it's a win win for all.

Robert is doing well at work so we believe he is safe from layoffs too.

Love you,

Chris

Hi my Dear(est) Chris,

I received the cheque back a few days ago and therefore the following:

A) At present I can send to your account (or Robert's) US\$91,000.--.

But please let me know the maximum amount you can receive, e.g. 99,000 or less, although I may at present not send the difference together with the 91,000.

This is because Mam's account is overdrawn HK\$250,000 and has only a margin of about HK\$30,000 left which means I may have to bail her out (again)!

Therefore, please let me know the ultimate date I have to send the monies (either 91,000 or more) so that your mortgage is already the equivalent amount lower on 1st March.

Further for my own information the exact amount outstanding on 1st March and how much monthly interest (only the interest and insurance) you are paying NOW and after 1st March!
