EAI **Estimated Annual Income (EAI) & Estimated Yield (EY)**- EAI is an estimate of annual income for a specific security position over the next rolling 12 months. EAI may be negative on short & EY positions. EY is calculated by dividing the current EAI for a security position by its statement closing date market value. EAI and EY are estimates only and may include return of principal and/or capital gains, which would render them overstated. Actual income and yield might be lower or higher than the estimated amounts. **For calculation details, refer to the "Additional Information and Endnotes" section.**

This table presents the estimated monthly interest and dividend income and return of principal that your current holdings may generate over the next rolling 12 months. The cash flows displayed are estimates provided for informational purposes only and there is no guarantee that you will actually receive any of the amounts displayed. These estimates should not be relied upon for making investment, trading or tax decisions. The estimates for fixed income are calculated using the security's coupon rate. The estimates for all other securities are calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. IADs are sourced from third party vendors believed to be reliable, but no assurance can be made as to accuracy. There are circumstances in which these estimates will not be presented for a specific security you hold. **Please refer to Help/Glossary on Fidelity.com for additional information on these calculations.**

- **Order Flow Practices:** As the introducing broker for your account, FBS routes your orders to our clearing firm affiliate, National Financial Services ("NFS"). In deciding where to send orders received for execution, NFS looks at a number of factors, such as size of the order, trading characteristics of the security, favorable execution prices (including the opportunity for price improvement), access to reliable market data, availability of efficient automated transaction processing, and execution cost. Some market centers or broker-dealers may execute orders at prices superior to the publicly quoted market. NFS's order routing policies are designed to result in transaction processing that is favorable to its customers. Where a customer directs the market center to which an order is routed, FBS or NFS will route the order to such market center in accordance with the customer's instructions without regard to its general order-routing practices.

FBS and/or NFS receives remuneration, compensation, or other consideration for directing customer orders to certain market centers. Such consideration may take the form of financial credits, monetary payments, rebates, volume discounts, or reciprocal business. The details of any credit, payment, rebate, or other form of compensation received in connection with the routing of a particular order will be provided on your request. Unless your account is managed on a discretionary basis by Strategic Advisers LLC, an affiliate of NFS, NFS may execute certain transactions as principal. In addition, from time to time, Fidelity may provide aggregated trade execution data to customers and prospective customers.

Order Routing Disclosure Quarterly reports: Quarterly information regarding the routing of orders by NFS in listed equity securities and listed options is available online at Fidelity.com. The reports are formatted in accordance with Securities and Exchange Commission requirements. **Investor Inquiry:** You can request your specific order routing and execution information for the preceding six months. This information will include the identity of the marketplace where your orders were routed for execution, whether the orders were directed or non-directed, and, if executed, the time of the execution. You may contact Fidelity for additional details on the information that is available.

BrokerCheck(R) by FINRA: As part of the Financial Industry Regulatory Authority (FINRA) BrokerCheck program, you have access to the BrokerCheck hotline at 800-289-9999 and FINRA website at www.finra.org. You can call or email your inquiries and request a brochure that includes information detailing the BrokerCheck program.

Municipal Securities Rulemaking Board Investor Brochure: Fidelity Brokerage Services LLC is registered with the U.S. Securities and Exchange Commission (SEC) and the Municipal Securities Rulemaking Board (MSRB). An investor brochure may be obtained at MSRB.org that describes the protections that may be provided by the MSRB and how to file a complaint with an appropriate regulatory authority.

- Fidelity is required by the Securities Exchange Act of 1934 to provide certain financial information from the Statement of Financial Condition of National Financial Services LLC (NFS). At July 31, 2024, NFS, an affiliate of Fidelity Brokerage Services LLC, had net capital of \$10,649 million, which was 23.50% of aggregate debit items and exceeded its minimum requirement by \$9,742 million. - ▶ The 2024 Fidelity Investments and Fidelity Funds Privacy Notice is available at Fidelity.com/privacy.
- ▶ NOTIFICATION OF YOUR TAX WITHHOLDING OPTIONS IN REGARD TO DISTRIBUTIONS FROM YOUR IRA. Federal Income Tax Withholding - The default withholding rate is 10%. You can choose a different rate by entering a rate between zero and 100%. Generally, you can't choose less than 10% for payments to be delivered outside of the United States and its possessions. Federal income tax will not be withheld from distributions from a Roth IRA unless you elect to have such tax withheld or are otherwise subject to withholding because you are a non-resident alien. If taking a systematic withdrawal, you may have a different tax withholding election which will remain in effect on checkwriting or systematic withdrawals taken from your IRA until revoked by you.

State Income Tax Withholding - If federal income tax withholding is applied to your distribution, state income tax may also apply. Your state of residence will determine your state income tax withholding requirements, if any. Please refer to the lists below. Your state of residence is determined by the legal address of record on your IRA. For residents of AR, IA, KS, MA, ME, OK and VT, if federal income tax withholding is applied to your distribution, state income tax will also apply. For residents of CA, DE, MN, NC or OR, if federal income tax withholding is applied to your distribution, state income tax will also apply unless you elect not to have state income tax withheld. For residents of DC, if you take a distribution of your entire account balance and do not directly roll that amount over to another eligible retirement account, DC requires that a minimum amount be withheld from the taxable portion of the distribution, whether or not federal income tax is withheld.

For residents of CT or MI, state income tax applies regardless of whether or not federal income tax withholding is applied to your distribution. Please reference the CT or MI W-4P Form for information and to calculate the amount to withhold from your distribution. Tax withholding is not required if you meet certain CT or MI requirements governing pension and retirement benefits. For residents of MS, state income tax withholding will apply regardless of whether or not federal income tax withholding is applied to your distribution, unless you elect not to have state income tax withheld. For residents of SC, you must provide a valid Social Security number; individual tax identification number; or tax identification number for a nonresident alien, if not SC requires that 7% tax be withheld from the distribution.

For residents of AK, FL, HI, NH, SD, TN, TX, WA or WY, state income tax withholding is not applicable on IRA distributions. For residents of all other states not mentioned above, you are not subject to mandatory state income tax withholding; however, you may elect voluntary state income tax withholding in a percentage. If you elect to have state income taxes withheld and your state provides a minimum amount or percentage for withholding, you must elect a percentage that is not less than your state's minimum withholding requirements. If the percentage you elect for withholding is less than your state's minimum withholding requirements, your state's minimum amount or percentage will be withheld.

Whether or not you elect to have federal and/or state income tax withheld from your distribution(s), you are responsible for the full payment of federal income tax, any state or local taxes, and any penalties which may apply. You may be responsible for estimated tax payments and could incur penalties if your estimated tax payments are not sufficient. Please contact Fidelity for more information or contact your state taxing authority for assistance. THE INFORMATION PROVIDED ABOVE IS GENERAL IN NATURE AND SHOULD NOT BE CONSIDERED LEGAL OR TAX ADVICE. 532971.16.0

Estimated Annual Income (EAI) & Estimated Yield (EY) - EAI for fixed income is calculated using the coupon rate. For all other securities, EAI is calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. EY reflects only the income generated by an investment and not changes in its price which may fluctuate. Interest and dividend rates are subject to change at any time and may be affected by current and future economic, political and business conditions. EAI and EY are provided for informational purposes only and should not be used or relied on for making investment, trading or tax decisions. EAI and EY are based on data obtained from information providers believed to be reliable, but no assurance can be made as to accuracy, timeliness or completeness. **Please refer to the Help/Glossary on Fidelity.com for additional information regarding these calculations.**

Income Summary Shows income by tax status for the statement and year-to-date periods. Except for interest income earned on, or distributed by, tax-exempt securities, Fidelity reports dividends and capital gains held in taxable accounts as taxable income. A portion of income reported as tax-exempt income may be subject to alternative minimum taxes and/or state and local taxes. In Traditional IRAs, Rollover IRAs, SEP-IRAs, SIMPLE IRAs and Keoghs, earnings are reported as tax-deferred income. In Roth IRAs and HSAs, earnings are reported as tax-exempt income as they may be federally tax-exempt if certain conditions are met.

Cost Basis, Gain/Loss, and Holding Period Information NFS is required to report certain cost basis and holding period information to the IRS on Form 1099-B. Unless otherwise specified, NFS applies the average cost method for open-end mutual funds and the first-in, first-out (FIFO) method for all other securities. Cost basis is adjusted for wash sales on securities with the same CUSIP held in the same account (unless your account receives mark-to-market reporting). Your statement may not reflect all adjustments required for tax purposes. Customers should consult their tax advisors for further information.

Cost Fidelity provides purchase cost information for securities held in retirement and HSA accounts. Such information may be adjusted for certain transactions and does not reflect dividends or capital gains reinvestments. Fidelity reports transaction profit or loss information when securities are sold within a retirement or HSA account. Transaction profit or loss is calculated by subtracting purchase cost from sales proceeds

using the FIFO method if shares were purchased at different times or prices. **Statement Mailing** We deliver statements at least four times during the calendar year for any account with a balance.

Statement Discrepancies Please review your statement and report any inaccuracies or discrepancies. Inquiries, concerns or questions regarding your brokerage account or the activity therein should be directed to FBS by calling 800-544-6666, and NFS, who carries your brokerage accounts, by calling 866-408-1138. Any oral communications regarding inaccuracies or discrepancies should be reconfirmed in writing to protect your rights, including those under the Securities Investor Protection Act (SIPA).

Material Changes Please advise us of material changes in your investment objectives or financial situation related to your brokerage account(s).

Mutual Funds and Performance Before investing, consider the funds' investment objectives, risks, charges and expenses. Contact Fidelity for a prospectus containing this information. Read it carefully. Performance data shown represents past performance and is no guarantee of future results. Investment return and principal value will fluctuate, so you may have a gain or loss when shares are sold. Current performance may be higher or lower than that quoted. Visit Fidelity.com/performance for most recent month-end performance.

Sales Loads & Fees Each fund reserves the right to terminate or modify its exchange privilege in the future. In connection with (i) access to, purchase, sale, exchange or redemption of, and/or maintenance of positions in mutual funds, ETFs and other investment products ("funds") or (ii) infrastructure needed to support such funds, some funds, or their investment affiliates, pay FBS and/or NFS sales loads and 12b-1 fees described in the prospectus as well as additional compensation for shareholder services, start-up fees, platform support and maintenance, and marketing, engagement and analytics programs. Additional information about the source(s) and amount(s) of compensation as well as other remuneration received by FBS or NFS will be furnished to you upon written request. At the time you purchase shares of funds those shares will be assigned either a load, transaction fee (TF) or no transaction fee (NTF) status. When you subsequently sell those shares, any fees applicable to your transaction will be assessed based on the status assigned to the shares at the time of purchase.

Additional Information About Your Brokerage Account, If Applicable

Free credit balances (FCB) are funds payable to you on demand. FCB are subject to open commitments such as uncleared checks and exclude proceeds from sales of certificated securities without delivery of the certificate. If your FCB is swept to a core position, you can liquidate the core position and have the proceeds sent to you or held in your account subject to the terms of your account agreement. Required rule 10b-10(a) information not contained herein will be provided on written request. Fidelity may use this free credit balance in connection with its business, subject to applicable law. **Assets Separate from Your Brokerage Account** Only securities in the margin portion of your brokerage account contribute to margin and maintenance requirements. Other Assets, which may be reported on your statement, including insurance products that are distributed by FBS and Fidelity Insurance Agency, Inc. and mutual fund only accounts held directly with the fund (Fidelity Mutual Fund Accounts) are not carried by NFS, not covered by the Securities Investor Protection Corporation (SIPC) and do not count toward your margin and maintenance requirements. Assets held in brokerage accounts managed by Fidelity Personal and Workplace Advisors LLC (FPWA) are carried by NFS and covered by SIPC but do not contribute to your margin and maintenance requirements. **Short Account Balances** Securities sold short are held in a segregated short account. These securities are marked-to-market for margin purposes, and any increase or decrease from the previous week's value is transferred weekly to your margin account. Fidelity represents your short account balance as of the last weekly mark-to-market, not as of the statement end date. **Information About Your Option Transactions** Each transaction confirmation previously delivered to you contains full information about commissions and other charges, and such information is available promptly upon request. Assignments of American and European-style options are allocated among customer short positions pursuant to a random allocation procedure, a description is available upon request. Short positions in American-style options are liable for assignment anytime. The writer of a European-style option is subject to exercise assignment only during the exercise period. For more information, please call Fidelity at 800-544-6666. **Equity Dividend Reinvestment** Shares credited to your account resulted from transactions by FBS acting as agent for your account, or the Depository Trust Company (DTC). **Price Information/Total Market Value** The Total Market Value has been calculated out to 9 decimal places but the individual unit price is displayed in 5 decimal places. The Total Market Value represents prices obtained from various sources, may be impacted by the frequency with which such prices are reported and such prices are not guaranteed. Prices received from pricing vendors are generally based on current market quotes, but when such quotes are not available the pricing vendors use a variety of techniques to estimate value. These estimates, particularly for fixed income securities, may be based on certain minimum principal amounts (e.g. \$1 million) and may not reflect all of the factors that affect the value of the security, including liquidity risk. In certain situations, a price may be derived from a single market participant, also known as a "single broker quote". The prices provided are not firm bids or offers. Certain securities may reflect as N/A or unavailable where the price for such security is generally not available from a pricing source. The Market Value of a security, including those priced at par value, may differ from its purchase price and may not closely reflect the

value at which the security may be sold or purchased based on various market factors. The sale or redemption of any fixed income security prior to maturity may result in a loss. Prices for Certificates of Deposits (CDs) on your statement are generally estimates and are not based on actual market prices. The secondary market for CDs is generally illiquid. You should always request a current valuation for your securities prior to making a financial decision or placing an order.

Executing Orders on the Floor of the NYSE The Floor broker may permit the Designated Market Maker to trade on parity with the order for some or all of the executions associated with filling that order, where such permission would not be inconsistent with the broker's best execution obligations.

SIPC Securities in accounts carried by NFS, a Fidelity Investments company, are protected in accordance with the SIPC up to \$500,000 (including cash claims limited to \$250,000). For details, including the SIPC brochure, please see www.sipc.org or call 1-202-371-8300. NFS has arranged for additional protection for cash and covered securities to supplement its SIPC coverage. Neither coverage protects against a decline in the market value of securities.

Fidelity Investments Fidelity Distributors Company LLC (FDC) is the distributor for Fidelity Funds with marketing and shareholder services provided by FBS or NFS. **Brokerage services are provided by FBS, which clears all transactions through its affiliate, NFS. NFS carries all brokerage accounts. FBS and NFS are members of the NYSE and SIPC.** Upon written request, Fidelity will mail an NFS financial statement, which is also available for inspection at its office.
